No strike of the fishermen at this point is possible or probable. This was given out as positive by the walking delegate for the Star of the Sea Assembly yesterday, who asked that The Journal give publicity to the true state of affairs to set the association right with the employers, and also to correct the impression that the fishermen as a whole are enduring any hardship or that dissatisfaction exists in their ranks.

John W. Holm, was the spokesman for the union. He said that there was a little difficulty between the captains of two fishing boats and the crews. The skippers were not members of the union and members of their respective crews would not sail with them. That was the end of the trouble, except that the fishermen had a meeting and discussed the situation behind closed doors, of course, because meetings of the union, whether special or regular, are not public gatherings.

The employees and operators at the fish houses were very much concerned over a published report the day before that there was a walk-out probable, the publication appearing in an afternoon paper of Thursday. Capt. Welles, of the E. E. Saunders Fish Company, and Capt. A. F. Warren, of the Warren Fish Company, both made inquiries of their fishermen early yesterday concerning the reported trouble. These two houses, as well as the others in the city, very readily and gladly recognize the organization of the fishermen, and are glad to state that the men under their control are satisfied. They were naturally very much concerned over what purported to be some internal troubles in the union, and early sent for the leader and officers of the association, from whom they heard the truth but desired publicity was asked to straighten out the union with the public.

THOS. PEBLEY PASSES AWAY

FORMER RESIDENT OF PENSACOLA PASSES AWAY AFTER A LINGERING ILLNESS—BODY TO BE BROUGHT HERE FOR INTERMENT.

Thomas Pebley, a resident of Pensacola up to about three years ago, when he went west for his health, died yesterday afternoon in Texas. While he had been ill for over three years with tuberculosis his condition became critical a few days ago, and the telegram received announcing his

THOS. PEBLEY

death occasioned no surprise, though much regret.

Mr. Pebley was 35 years of age and had a large number of friends in this city, being engaged in the practice of law and the real estate business prior to leaving here for Texas.

The deceased is survived by a number of relatives in Texas. The body will be brought here for interment in the family burying ground, and the funeral arrangements will be announced later.

DEATH OF MRS. JENNINGS AT HER SUMMER HOME

Special to The Journal. Gonzalez, April 29.—Mrs. N. E. Jennings, of Gonzalez, aged 62 years, died at her summer home on Escambia Bay Sunday, April 24th, from a lingering illness. At her request she was removed to her home on the bay, where she passed peacefully away.

Jennings, and was a devoted mother to eight children, five of whom, and her husband, live to mourn her loss. They are: Mrs. S. E. Seals, Mr. C. F. Jennings, of Muscogee, Mr. O. E. Jennings, of Mrs. C. H. Jackson, of Gonzalez, and Mrs. R.

Diplomats to Resort to Drawing Straws to Settle Momentous Questions of the Day

New York, April 29.—A strenuous race is being waged by steamship agents in New York as to who will have the honor of carrying a "shipload" of diplomats to Europe early in May. And while the steamship agents are hustling for the patronage some seven ambassadors and ministers in the United States are trying to induce their fellow passengers to go by one of five lines. What boat will carry the distinguished men will not be settled for another ten days, and then it is promised that all the arts of diplomacy will be cast to the winds and a regular schoolboy trick will be called into play to settle the question—viz: drawing long and short straws. Baron von Hengervar of Austria-Hungary, Senator Don Gonzalo de Quesada of Cuba, Count Moltke of Denmark, Count J. H. von Bernstorff of Germany, Right Hon. James Bryce of England, Baron des Planches of Italy and Baron Rosen of Russia in comparing notes in Washington decided that they were all going to Europe for a vacation about the same time. It was suggested that the voyage could be made a pleasant one if they formed a party, but then came the questions of what ship, what port and what date. Undersecretaries in Washington are described as being worn in looks and shoe leather in hurrying from one diplomat's home in Washington to another, suggesting a new date or a new way to arrange for the ship. Secretary of State Knox on learning of the trouble is credited with suggesting that they, ministers and ambassadors, keep on drawing long and short straws until the matter is settled.

PROGRESS CLUB TO OPEN MAY 5

GOOD PROGRAM IS PREPARED AND OPENING NIGHT WILL BE ONE OF HISTORY IN THE JEWISH ORGANIZATION.

It has been settled that the opening date of the Progress Club will be May 5, and on the evening of that date a program of high interest will be rendered. The Ladies' Minstrel troupe will appear and give a concert which will feature the evening; a few remarks of welcome and acceptance and light refreshments will be on the program. Dancing for adults only will be indulged in from 10 o'clock, but those invited to attend will be all members and their entire families.

While the handsome new club house will not be really completed by that time, the building has so far advanced in its construction that but little finishing touches are needed and the occupancy can be made with little or no inconvenience.

POLICE CHIEFS COMING HERE IN LARGE NUMBERS

CHIEF SANDERS EXPECTS ABOUT TWO THOUSAND HERE ON MAY 15TH AFTER THE ANNUAL CONVENTION IN BIRMINGHAM—LOW RATES SECURED.

Upwards of two thousand police chiefs from cities all over the United States are expected to come to Pensacola about May 15th, thus concluding the 1910 convention, which is to be held in Birmingham.

Chief Sanders, who has been endeavoring to secure a visit from the chiefs attending the convention, learned last night that the Louisville & Nashville had decided to grant a low round trip rate from Birmingham to Pensacola. A rate of \$4 was asked, but even if this rate is not secured a very low one will be granted, making it cost the visitors but a small amount to come to the city.

When Chief Sanders was in Mobile he enlisted the support of the chiefs of Mobile, Birmingham and Montgomery and they will do everything possible to bring the visitors to Pensacola.

The Chamber of Commerce and Merchants Association are preparing to take care of the visitors, and a feature that will be provided for them will be a trip out on the bay and gulf, with a fish dinner on Santa Rosa Island.
